

Hi, my name is Tavongaishe and I am running for the position of Member of Youth Parliament because I believe Cumbria can be an even better place if we work together. I want to show there is more to Cumbria, and it can be an exciting and enjoyable place for young people.

I have experience in Girlguiding, helping at church and singing carols at Christmas with my school. Through these experiences, I have developed important skills such as, confidence, responsibility, organisation and teamwork. I believe these qualities make me a strong candidate.

I am ready to represent others, I am responsible and reliable, and I work well in a team. I am confident in my communication skills and, most importantly, I am always willing to listen to other people's opinions. I will use these skills to make sure young people feel heard and valued.

If elected, I would aim to:

- Organise activities for pets and their owners to enjoy together
- Create more opportunities and activities for young people
- Increase access to sports and encourage more young people to get involved.

We can achieve these goals in many ways. For example, we could organise fun events for pets and their owners that bring the community together. We could introduce more creative clubs, music clubs and book clubs outside of schools for young people. We could also expand sports opportunities by setting up clubs such as netball, basketball, badminton, and volleyball for people to get involved in.

These changes would have a positive impact on young people by helping them feel included, supported, and listened to. Together, we can create a community where everyone has opportunities to grow, have fun, and succeed.

Thank you for reading my manifesto, I hope you will support me so we can make a positive difference together.
